

FASTLANE.

A TRUE MASTER CAN ALWAYS SPEAK FROM EXPERIENCE.

**BMW
GROUP**

THE NEXT
100 YEARS

Rolls-Royce
Motor Cars Limited

If you want to proactively prepare yourself to take that next career step, you'll need more than just an advanced qualification. That's why our Fastlane Master's programme is geared to provide you with the in-depth practical work experience and personal development opportunities you need to round out your studies – and perfectly position yourself to take that next step with us. As a successful candidate, you'll also receive attractive financial support that will enable you to fully focus on your studies while you develop your skills, get to know our company culture first-hand and lay the foundations for the next all-important chapter in your career.

How could you master your next career step with Fastlane?

Financial independence, practical insights and great prospects.

The benefits of Fastlane:

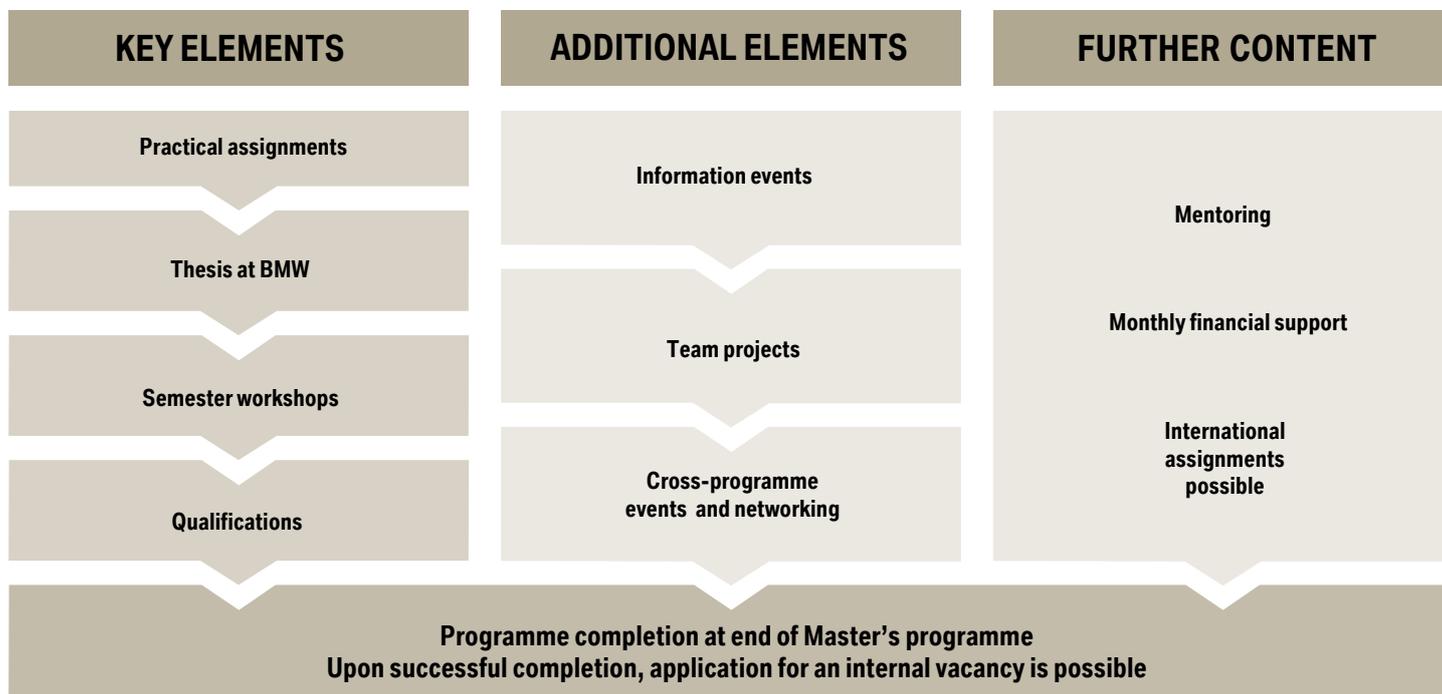

- You can do your Master's degree in a specialist area jointly agreed upon with the BMW Group and receive monthly financial support.
- You can enhance your studies with valuable experience, through practical assignments.
- You will profit from being exposed to a wide range of qualifications as well as attending exclusive events.
- You will be supported by an experienced mentor for your professional and personal development over the entire duration of the programme.
- We offer you the opportunity to write a practice-oriented Master's thesis with the support of the respective department. This way you can position yourself perfectly for a career with the BMW Group.

THE WAY TO A SCHOLARSHIP IS VIA PRACTICAL EXPERIENCE.

Can you see the opportunities offered by Fastlane? Then begin your application now during your Bachelor's programme, because Fastlane is aimed at (aspiring) Master's students with a remaining period of study of at least three full semesters in their Master's programme. Besides good study results we expect a high level of commitment and flexibility.

How do you qualify for Fastlane? Simply by your outstanding performance as an intern, a student trainee, or via your thesis, because this will lead to a nomination is by your department. After pre-selection, in which your area of study and performance as well as your CV are taken into account, an internal jury decides, as part of a selection day, whether you will be accepted into the programme.
