

BMW Group Occupational Health and Safety Mission

We promote responsible behavior and a corresponding work environment to foster the long-term health and performance of our associates.

BMW Group Occupational Health and Safety Policy

We commit to provide safe and healthy working conditions that enables the prevention of work-related injury and ill health, that enhances the effectiveness of our Occupational Health and Safety Management System and processes.

In order to continually improve our Occupational Health and Safety performance,...

Top Management¹ commits to,...

- establish objectives that support the BMW Group Occupational Health and Safety mission and BMW Group Occupational Health and Safety policy.
- ensure compliance with applicable legal requirements as well as with other requirements to which the organization subscribes.
- act to eliminate hazards and reduce Occupational Health and Safety risks, following the “Hierarchy of Control” principle.
- facilitate and actively support consultation sessions regarding Occupational Health and Safety topics and enable BMW associates and other workers, and - where they exist - worker² representatives, participation.
- ensure that the resources needed to establish, implement, maintain and improve the Occupational Health and Safety System are available.
- emphasize the importance of an effective Occupational Health and Safety management system and to act as a role model for all managers and associates.
- ensure Occupational Health and Safety is considered in decision making at all levels.
- ensure that the Occupational Health and Safety management system and its processes are measured, reviewed and communicated on a regular basis at all levels of the organization.

Workers² commit to,...

- look after their own Occupational Health and Safety in the work place, as well as the Occupational Health and Safety of the others where applicable,
- demonstrate responsible behavior based on their health and safety hazard awareness and risk recognition focusing on prevention of occupational injury and ill health,
- contribute their ideas, suggestions or observations for Occupational Health and Safety improvements.
